

PRODUCT TECHNICAL INFORMATION

Bacoban WB Disinfectant (ready-to-use)

Nanotech formulation for Healthcare, Infection Control & Surface Disinfection, bridges the gap in between cleaning.

Long Lasting Protection:

Bacoban is a surface disinfectant that guarantees long-lasting effect that may last for up to 240 hours or a total of 10 days. The real benefit of Bacoban disinfectant (if integrated into established disinfection plan) is that it ensures significant maximum protection against contamination and proliferation of bacteria, fungi and viruses, thus reducing re-infection. It effectively closes the hygiene gap in between application.

Bacoban NanoTechnology:

Conventional disinfectants are only effective for a short period of time. Micro-organisms are killed during the few minutes duration within the potency period. The disinfectant evaporates soon after thus the area treated is again subjected to eventual recontamination. Until the next treatment or application a hygiene gap occurs in which there can be repeated settlement by micro-organisms.

Uses:

Disinfection and sanitation of medical tools, equipment, OT/Emergency, wards, clean room, pharmacy, in accordance with Directive 93/42/EEC.

Also for lavatories, spa & gym facilities, public and VIP lounges e.g. airport, hospitals & hotels; Terminals e.g. Airport, train, bus, and seaport. Also for general disinfection of aircraft, helicopters, ambulance, cruise, yacht, ships, and industrial applications.

Especially recommended in areas that demand effective and long-lasting sanitation. Particularly suitable for areas where unpleasant odour caused by bacteria, fungi and micro-organism occur such as in toilets and other public facilities. Bacoban WB may be used in critical and sensitive areas of the pharmaceutical and cosmetic industries.

Technical Data:

Appearance	clear liquid
Color	yellowish
Odor	clinical
Viscosity	light
Density	0.98 ~ 1.02 gms/ml
pH value	5.5 ~ 7.5

Packing / Storage:

UOM: 5L can

Aviation WBDL05R*

Exclusive ME Distributor:
ALMADION International LLC
P.O. Box 214969 Dubai, UAE
Tel/Fax: +971 (4) 286 4777
Email: info@almadion.com
Web: www.almadion.com

SWISS ISO CERTIFIED SINCE 2008

Packing / Storage:

Items/Ctn:	4 cans
Storage:	20° ~ 30° C (away from direct sunlight)

Approvals:

67625	Certified as Class 2A Medical Device	2015/08/04
EU Directive 2007/47/EC	EU Directive 2007/47/EC DIN EN ISO:13485,10993-1,14971,980,EN14885	2015/06/23
